HIGH SCHOOL SCHOLARSHIP PROGRAM

The International Longshore and Warehouse Union (ILWU) provided its 22nd annual Scholarship Program to local High Schools. This program awards up to three students from each participating high school with \$500 scholarships to help with school tuition costs. Each scholarship recipient wrote an essay on Harry Bridges, the founder of the ILWU, in which they recognized his integrity and the value of his struggle to help the working class.

These students are real heroes who have shown they can persevere and continue with their studies. The Scholarship Committee would like to thank all the educators, ILWU members and staff whose efforts make this program a success.

We congratulate all the recipients of the 2023 ILWU Scholarship Program

There will always be a place for us somewhere, somehow, as long as we see to it that working people fight for everything they have, everything they hope to get, for dignity, equality, democracy, to oppose war and to bring to the world a better life.
